Steve Gibson – President*

The Friends of Mimosa Hall & Gardens

*120 Bulloch Avenue
Roswell, Georgia 30075
www.friendsofmimosa.org*

The FOMH&G contend that the most compelling and potentially profitable use of the property is to make Mimosa Hall & Gardens a regional travel destination much like Atlanta's **Rhodes Hall** or Macon's **Hay House**. The regional destination focus along with a fully active schedule will lead to increasing visitation to our Roswell Historic District.

We support indoor public and private house events, including:

- Educational activities such as school programs on site
- Small ensemble concerts and other musical performances
- Food events / wine tastings
- Art shows
- Small group theater
- Lectures
- Conferences
- Corporate events
- Commercial photo shoots and movie filming
- Usage of the upstairs may offer opportunities as permanent office space for:
 - Rowell Historical Society
 - Roswell, Inc
 - Historic Roswell Business Association
 - Roswell Convention & Visitors Bureau
- Other public and private events that bring citizens to the property

We support outdoor garden events, including:

- Art shows, including permanent and/or temporary sculpture placements
- Garden shows and botanical educational events
- Weddings
- Public usage of grounds for picnics, hiking, meditation, nature walks
- Music events
- Recreational activities such as yoga classes
- Food related events
- Other public and private events that bring citizens to the property

We support the property being used in concert with other Roswell Historical Properties as often as possible.

Our mission is to champion sustainable preservation of Mimosa Hall and Gardens, where history and culture engage and uplift community
